## PROGRAM RESULTS

While the percent of implementation of ideas was the same for teachers in a dedicated-staff-development-day, live workshop and those using the over-the-summer, independent study screencast, screencast teachers implemented more ideas in their classrooms in the first days of school.

	Teachers in Workshops	Teachers with Screencast
Average number of ideas written down to try	12	16
Average number of ideas actually implemented	9	12
Average percent of implementation of ideas	75%	75%
